Activities at the Tropical Education Center/Belize Zoo
Jungle Lodge
Savanna Nature Trail -
This nature trail meanders through the lowland savanna over boardwalks and seasonal ponds and streams. Learn about the ecology and importance of Belize’s savanna ecosystem, and witness some of the wildlife found in this unique habitat, like the endangered yellow headed parrots, armadillos, agouti and grey fox. You may even come across the paw print of the elusive jaguar!

**Birding -**

Over 225 bird species have been recorded at the TEC in locations such as near the pond, along our savanna trails, and even just around our parking lot! Guests have an excellent opportunity to observe a variety of resident and migratory birds like the Plain Chachalaca, Social Flycatcher, Magnolia Warbler, American Redstart, Russet-naped Wood-rail, Turkey Vulture, and the endangered and endemic Yellow-Headed Parrot.
Activities - The Belize Zoo

Canoe Trips -

1/2 day canoe trips down the Sibun River with a guide. Launch off sandy river banks to navigate through the riparian forest bordering the river. This is also a great birdwatching opportunity, and wildlife such as iguanas, monkeys, hawks, and even crocodiles are sometimes spotted.

TEC Swimming Pool

Cool off in our screened-in, family sized swimming pool available to guests from 7am-7pm.
Belize Zoo At Night! -

Take an "after hours" tour of the Belize Zoo for a fantastic nocturnal tropical wildlife experience. The Tropics comes alive at night, and the Zoo is no exception. Learn about the natural history of these native species when they are at their most active and have memorable interactive encounters guided by our highly knowledgeable Zookeepers.
Wildlife Conservation Lectures -

Lectures on natural history of Belizean fauna, as well as issues in wildlife conservation are available to educational groups staying at the TEC. Contact us ahead of time for more information and to book lectures.
