

### Membership & Donation

**The Belize Zoo receives no funds for operating from the government, and must raise all monies to meet its challenging budget. Undoubtedly, a large reason for the continued success of the zoo, is the support received from zoo members.**

Every dollar received for zoo membership goes directly into fueling this important conservation and education facility. However, funds can be designated for particular areas of zoo operations, such as education, or animal management. We have established three different programs for supporting the Belize Zoo.
